To Whom It May Concern:

I had the pleasure of working with Daniel Warner on a recent location photography project for an international hospitality company. I can't recommend Daniel highly enough.

We had a lot to get done in a very limited time period. And, the work had to be of the very highest quality in every way. Every minute of our lengthy 12-hour day was planned out to the max.

It was an intense working environment, however -- Daniel was right *there* with whatever was needed. He made my job easier -- with an innate sense of what's needed next. Working with him was a pleasure.

I've worked with many assistants over the years, all over the world, and -- Daniel is up there with the best. It's not about knowing every nook and crannie of equipment, technique, lighting etc. What's really critically important is an open mind, *attitude* and willingness to work as a team.

He was awesome to work with, and helped me make a difference. I'd heartily recommend Daniel to anyone needing help and support. He's very talented and I know he will go far.

If you have the chance to work with him, do so...he's a great team member!

I can wholeheartedly recommend Daniel, and know you will feel the same way if you have the opportunity to collaborate with him.

Thanks --
